

Ultrasound Dataset License Agreement for Usage

1. Required Information:

Name of the research project (study) for which the data is requested:

Agency (Institution) funding the study (if any):

The expected outcome of the study (publication, software, etc.):

Your current Agency (Institution):

Your superior or team leader (Name, Email):

2. Consent:

By signing this agreement, I/ We agree to the following regarding the use of the Ultrasound Video Breast Lesion Segmentation Dataset (referred to as the DPSTT dataset in this agreement). The provider reserves the right to pursue legal action if any of the below commitments are violated:

- (1) Redistribution and Ethical Practices: The DPSTT dataset may not be further distributed, disseminated, published, reproduced or circulated in any manner or form (whether in whole or in part) without prior written approval, whether for profit or not, and may not be used by other organizations or individuals or for other research or business purposes, and all standard ethical practices must be followed during the use of the DPSTT dataset.
- (2) Modification and Commercial Use: Without prior written approval, the DPSTT dataset, either in whole or in part, cannot be modified or used for commercial purposes.
- (3) Citation / Reference: All documents and published artifacts that use the DPSTT dataset will acknowledge the use of the dataset by including an appropriate citation to our paper:

Li, Jialu, et al. "Rethinking breast lesion segmentation in ultrasound: A new video dataset

and a baseline network." *International Conference on Medical Image Computing and Computer-Assisted Intervention*. Cham: Springer Nature Switzerland, 2022.
